

SUBJECT: RATIFICATION OF EXPENDITURE - SCE STREET LIGHTS AND ELECTRICAL SERVICE FOR THE PUBLIC SAFETY BUILDING PROJECT

SOURCE: Public Works Department - Engineering Division

COMMENT: City Council awarded the Public Safety Building Project to Webb and Sons during the May 6, 2014, regularly scheduled meeting. The project is generally located on the east side of Jaye Street, south of Montgomery Avenue.

SCE Rule 15 contracts apply to new buildings, which is basically an agreement for connecting a facility to the electrical grid and stipulates the responsibilities of both parties involved in the contract. The cost for this new electrical service is \$4,888.68.

The construction of the road south and adjacent to the Public Safety Building, Brown Avenue, requires the relocation of existing utility poles and overhead wires. The cost for relocating these poles and associated overhead wires is \$32,075.39.

Street lights will also be placed along the project site street frontages. A total of four (4) street lights will be installed, one (1) street light on Jaye Street and three (3) street lights on Brown Avenue. Underground conduit installation will be a component of the building contract. SCE costs for installing the new street lights is \$9,744.71.

SCE Rule 15 Agreement and the invoices for the herein described work are attached for reference purposes.

Funding for the Public Safety Building and related appurtenances were appropriated in the 2013/2014 Annual Budget.

RECOMMENDATION: That the City Council:

1. Approve the SCE invoice for supplying new electrical service to the Public Safety Building and issue a \$4,888.68 payment;
2. Approve the SCE invoice for relocating existing utility poles and issue a \$32,075.39 payment;
3. Approve the SCE invoice for installing new street lights and issue a \$9,744.71 payment; and

4. Authorize the City Engineer to sign the applicable SCE contracts and/or agreements.

CONTRACT FOR EXTENSION OF ELECTRIC DISTRIBUTION LINE
RULE NO. 15

1. PARTIES

This Contract for Extension of Electric Distribution Line ("Contract") is issued this 10TH day of July, 2012.

The Parties to this Contract are:

CITY OF PORTERVILLE

("Applicant")

and Southern California Edison Company ("SCE"). Applicant and SCE are referred to individually as "Party" and collectively as "Parties".

2. RECITALS

Applicant has requested SCE, pursuant to SCE's Rule 15, Distribution Line Extensions, to install an electric Distribution Line Extension to the location or locations described as follows:

980 S. JAYE ST, PORTERVILLE

(Hereinafter referred to as "Project")

3. AGREEMENT

3.1 Responsibilities of Applicant

Construction

Applicant shall, in accordance with SCE's specifications and timing requirements for the Project:

- Perform route clearing, tree trimming, trenching, excavating, and backfilling and compacting;
- Furnish imported backfill material and dispose of trench spoil as required;
- Furnish, install and transfer ownership to SCE any substructures, conduit, and protective structures required;
- Obtain any necessary construction permits for all work performed by Applicant under this Contract.

If Applicant elects to have SCE perform any part of this work, Applicant shall pay to SCE, as specified herein and before the start of construction, SCE's estimated-installed costs thereof.

Rights of Way

Applicant hereby grants to SCE the rights of way and easements for the Distribution Line Extension over the shortest, most practical, available, and acceptable route within Applicant's property for the purpose of making delivery of electric service hereunder. Such easement shall include the right of access and right to trim trees as necessary. Where formal rights of way, easements, land leases, or permits are required by SCE for installation of facilities on or over Applicant's property, or the property of others, Applicant understands and agrees that SCE shall not be obligated to install the distribution Line Extension for the Project unless and until any necessary permanent rights of way, easements, land leases, and permits, satisfactory to SCE, are granted to or obtained for SCE without cost to or condemnation by SCE.

Advances

Applicant shall contribute or advance, before the start of construction, the refundable and non-refundable amounts as set forth in Appendix A to this Contract. This includes the costs for substructures and conduits which SCE had previously installed at its expense in anticipation of the current Distribution Line Extension. Any necessary riser conduit, conduit covering, and miscellaneous riser material required for the Distribution Line Extension shall be furnished or paid for by Applicant and shall be installed by SCE.

All contributions and advances by Applicant are taxable and shall include an Income Tax Component of Contribution (ITCC) at the rate provided in SCE's Preliminary Statement. ITCC will be either refundable or non-refundable depending on whether the corresponding contribution or advance is refundable or non-refundable.

Joint Applicants. The total contribution or advance from joint Applicants will be apportioned by SCE among the members of the group in such manner as Applicants mutually agree.

3.2 Responsibilities of SCE

Construction

SCE shall install, own, operate, and maintain the Distribution Line Extension to serve the Project. SCE will install only those facilities that, in SCE's judgment, will be used within a reasonable time to serve permanent loads.

Refunds

SCE shall make refunds to Applicant in accordance with the provisions of Rule 15.

3.3 Ownership of Facilities

Title to and ownership of the Distribution Line Extension shall vest in SCE. Applicant does hereby agree that upon completion and acceptance by SCE of any Applicant-installed facilities, title to each and every component part thereof shall immediately pass to SCE free and clear of all liens and encumbrances.

3.4 Service Facilities

Service extensions shall be installed pursuant to SCE's Rule 16, Service Extensions.

3.5 Street Lighting Facilities

Street lighting and Distribution Line Extensions within the Project solely for service to street lighting equipment shall be installed in accordance with the appropriate street light tariff schedule. Street light revenues are not applicable toward allowances or refunds for Distribution Line Extensions. Electroliers shall be located at points determined by the governmental agency having jurisdiction over streets to be dedicated to that agency or by Applicant for privately owned and - maintained streets open to and used by the general public.

3.6 Non-Refundable Discount Option

In lieu of contributing the total refundable amount, Applicant has the option of contributing, on a non-refundable basis, a percentage of such refundable amount as set forth in Appendix A to this Contract. Applicant has or has not chosen this option as indicated by signature on Appendix A.

3.7 Refunds

The total refundable amount shall be subject to refund, without interest, in accordance with the provisions of Rule 15, which include the following:

Residential. Refunds will be made on the basis of any new customer permanent load connected to the Distribution Line Extension which produces additional revenues to SCE. The refund will be deducted from the total refundable amount, and the remaining amount subject to refund will represent that portion of the Distribution Line Extension cost not supported by revenues.

Non-Residential. Refunds will be made on the basis of Applicant or any new customer permanent load connected to the Distribution Line Extension which produces additional revenues to SCE. SCE shall be responsible to review Applicant's actual net revenue for the first three years from the date SCE is first ready to serve. Applicant shall be responsible for notifying SCE if new, permanent load is added the fourth through tenth year from the date SCE is first ready to serve. Such review shall determine if additional net revenue justifies refunds to Applicant.

Unsupported Distribution Line Extension Cost. When any portion of a refundable amount has not qualified for a refund at the end of twelve (12) months from the date SCE is first ready to serve, Applicant will pay to SCE a Monthly Ownership Charge of 0.4% on the remaining refundable balance. The difference between the total refundable advance and any refunds made or eligible to be made to Applicant shall serve as the basis of a monthly ownership charge ("base"). The Monthly Ownership Charge includes replacement for 60 years at no additional cost and is derived from the Customer-Financed With Replacement at Additional Cost Added facilities rates determined in SCE's general rate case proceeding and/or periodic annual review. Monthly ownership charges are distinct from the refundable amount and will normally be accumulated and deducted from refunds due to Applicant. This provision does not apply to individual residential Applicants.

The monthly ownership charges herein shall automatically increase or decrease if the California Public Utilities Commission should subsequently authorize a higher or lower percentage rate for the monthly ownership charges, effective on the date of such authorization.

Refund Period. The total refundable amount is subject to refund for a period of ten (10) years after the distribution Line Extension is first ready to serve. Any unrefunded amount remaining at the end of the ten-year period shall become property of SCE.

3.8 Payment Adjustments

Contract Compliance. If, after six (6) months following the date SCE is first ready to serve residential loads for which allowances were granted, one (1) year for non-residential loads, Applicant fails to take service, or fails to use the service contracted for, Applicant shall pay to SCE an additional contribution, based on the allowances for the loads actually installed.

Excess Facilities. If the load information provided by Applicant results in SCE having installed facilities which are in excess of those needed to serve the actual loads, and SCE elects to reduce such excess facilities, Applicant shall pay to SCE its estimated total costs to remove, abandon, or replace the excess facilities, less the estimated salvage of any removed facilities.

3.9 Reimbursement to Applicant

Where mutually agreed upon by SCE and Applicant, Applicant may perform SCE's work or install facilities normally installed by SCE. Such work shall be in accordance with SCE's specifications and timing requirements. SCE shall reimburse Applicant SCE's estimated installed cost of such facilities and work by applying a credit toward Applicant's advance. Any amount not so credited shall be reimbursed to Applicant upon acceptance of the work and facilities by SCE.

3.10 Delays in Construction

Force Majeure. SCE shall not be responsible for any delay in the installation or completion of the facilities by SCE resulting from the late performance of Applicant's responsibilities under this Contract, shortage of labor or material, strike, labor disturbance, war, riot, weather conditions, governmental rule, regulation or order, including orders or judgments of any court or commission, delay in obtaining necessary land rights, act of God, or any other cause or condition beyond the control of SCE.

Resources. SCE shall have the right, in the event it is unable to obtain sufficient supplies, materials, or labor for all of its construction requirements, to allocate materials and labor to construction projects which it deems, in its sole discretion, most important to serve the needs of its customers. Any delay in construction hereunder resulting from such allocation shall be deemed to be cause beyond SCE's control.

Contract Revision. If Applicant does not commence installation of any facilities which are Applicant's responsibility or SCE is prevented from commencing the installation of the facilities for causes beyond its reasonable control within one year from the effective date of this Contract, SCE may, in its discretion, revise its cost estimate and recalculate the refundable and/or non-refundable amounts set forth herein. SCE will notify Applicant of such increased costs and give the option to either terminate this Contract or pay SCE the additional charges.

3.11 Contract Termination

If at any time during the term of this Contract, SCE is not the sole deliverer of electrical requirements for the Project, this Contract may be terminated. Upon termination of the Contract, Applicant agrees to forfeit that portion of the advance paid to SCE for its expenses covering any engineering, surveying, right of way acquisition and other associated work incurred by SCE. If such expenses are greater or less than the refundable and/or non-refundable advance, Applicant shall pay to SCE, or SCE shall refund the balance to Applicant, without interest, as the case may be.

3.12 Indemnification

Applicant shall, at its own cost, defend, indemnify, and hold harmless SCE, its officers, agents, employees, assigns, and successors in interest from and against any and all liability, damages, losses, claims, demands, actions, causes of action, costs including attorney's fees and expenses, or any of them, resulting from the death or injury to any person or damages to any property caused by Applicant or its contractor and employees, officers or agents of either Applicant or its contractor, or any of them, and arising out of the performance or nonperformance of their obligations under this Contract.

3.13 Assignment of Contract

Applicant may assign this Contract, in whole or in part, only if SCE consents to writing and the party to whom the Contract is assigned agrees in writing, to perform the obligations of Applicant hereunder. Assignment of the Contract shall not release Applicant from any of the obligations under this Contract unless otherwise provided therein.

3.14 Joint and Several Liability

Where two or more individuals or entities are joint Applicants under this Contract, all Applicants shall be jointly and severally liable to comply with all terms and conditions herein.

3.15 Warranty

Applicant warrants that all work and/or equipment furnished or installed by Applicant or its contractor shall be free of defects in workmanship and material. The warranty period shall begin from the date of final acceptance by SCE and extend for one (1) year. Should the work develop defects during that period, SCE, at its election, shall either (a) repair or replace the defective work and/or equipment, or (b) demand that Applicant repair or replace the defective work and/or equipment and, in either event, Applicant shall be liable for all costs associated with such repair and/or replacement. Applicant upon demand by SCE, shall promptly correct, to SCE's satisfaction and that of any governmental agency having jurisdiction, any breach of any warranty.

3.16 Contract Effective Date

This Contract shall not be effective unless it is (1) executed and delivered by Applicant to SCE together with payment required hereunder within ninety (90) days of the date in Paragraph 1 of this Contract and (2) accepted by SCE. This Contract shall then be effective on the date executed by SCE and shall take effect without further notice to Applicant.

3.17 Commission Jurisdiction

This Contract is subject to the applicable provisions of SCE's tariffs, including Rule 15, filed and authorized by the California Public Utilities Commission.

This Contract shall, at all times, be subject to such changes or modifications by the Public Utilities Commission of the State of California, as said Commission may, from time to time, direct in the exercise of its jurisdiction.

3.18 Completion Date

The completion date requested by Applicant is _____

4. SIGNATURE CLAUSE

The signatories hereto represent that they have been appropriately authorized to enter into this contract on behalf of the party for whom they sign.

**SOUTHERN CALIFORNIA EDISON ("SCE")
DISTRIBUTION LINE AND/OR SERVICE EXTENSION
APPLICANT'S INSTALLATION OPTION AND
STATEMENT OF APPLICANT'S CONTRACT ANTICIPATED COSTS**

Applicant: CITY OF PORTERVILLE
Work Order Number: TD681508
Project Specific Location: 980 S. JAYE ST, PORTERVILLE

1. INSTALLATION OPTIONS

Applicant understands that in accordance with SCE's Rule 15 and/or Rule 16, Applicant can elect to have either SCE install the Distribution Line and/or Service Extension or a Qualified Contractor/Subcontractor install the Distribution Line and/or Service Extension.

2. SCE'S ESTIMATED REFUNDABLE COST INFORMATION

SCE's estimated refundable costs are based on the work that SCE would normally perform that can be performed by a Qualified Contractor/Subcontractor under the provisions of the Applicant Installation Option, Rule 15, Section G, and in accordance with SCE's Terms and Conditions Agreement for Installation of Distribution Line Extension by Applicant (Form 14-188).

SCE's estimated refundable costs:* \$ _____

If applicable, other estimated cost information may be provided below. This could include the credit amount for Rule 16, street light, or other associated installation work.

SCE Rule 16 credit amount:* \$ _____

SCE street light credit amount:* \$ _____

SCE associated work credit amount:* \$ _____

3. APPLICANT SELECTION

Applicant understands the installation options under Section 1 above, and hereby elects the following Installation Option by **initialing** the appropriate selection below:

Installation by SCE

Installation by Qualified Contractor/Subcontractor

Under installation by Qualified Contractor/Subcontractor, Applicant shall secure project specific bid information from Qualified Contractors/Subcontractors for the installation of the Distribution Line and/or Service extension. Applicant shall contribute or advance before the start of construction any refundable or non-refundable amounts as specified in Rules 15 and 16.

*Please refer to the specific contract, Appendix A, for detailed financial information.

4. APPLICANT'S CONTRACT ANTICIPATED COST INFORMATION (to be completed only if installation is performed by a Qualified Contractor/Subcontractor as selected in Section 3 above)

Applicant and/or Applicant's Qualified Contractor/Subcontractor understands that for the portion of the Electrical Distribution and/or Service Extension that SCE would normally install, in accordance with SCE's Rule's 15 and/or 16 and the Terms and Conditions Agreement for Installation of Distribution Line Extension by Applicant, the Applicant, prior to performing any work associated with the installation of these electrical facilities, and for the purpose of utility billing and accounting, shall elect one of the following options, and return this form to SCE prior to SCE proceeding with any further work on the Applicant's project.

Option 1 Applicant elects to provide SCE with the Applicant's Contract Anticipated Costs, which are subject to refund, that are associated with that portion of the new Distribution Line and/or Service Extension normally installed by SCE, and understands that the lower of SCE's estimated refundable cost or the Applicant's Contract Anticipated Costs, which are subject to refund, as submitted below, shall apply to any applicable SCE refunds and allowances provided in accordance with Rules 15 and 16,¹ or

Option 2 Applicant elects not to provide SCE with the Applicant's Contract Anticipated Costs, which are subject to refund. The Applicant understands that by selecting this option, the Applicant is directing SCE to use SCE's estimated refundable cost for all billing and accounting.

Applicant understands the Applicant Cost Information, as described above, and hereby elects the following by **initialing** the appropriate selection below:

Option 1 - Applicant's Contract Anticipated Costs \$ _____
 Option 2 - SCE's Estimated Refundable Costs

5. ITCC

SCE shall value all trenching, conduit, backfill, street repair, substructures, and encasement, based on SCE's estimate of such items, for the purposes of collecting the applicable governmental taxes (ITCC) on contributions to SCE.

6. UTILITY RESPONSIBILITIES

Upon receipt of this completed and signed form, SCE shall begin the process of producing the applicable contracts and forms based on the selections made by the Applicant.

7. SIGNATURE

I declare under penalty of perjury that the foregoing is true and correct.

Applicant's signature: _____

Applicant's printed name: _____

Date: _____

¹ Excludes the estimated costs of work the Applicant cannot perform, such as, work on or in proximity to, energized equipment.
