

SUBJECT: REVIEW OF LOCAL EMERGENCY STATUS – DECEMBER 26, 2013

SOURCE: Administration

COMMENT: In its adoption of the Resolution of Local Emergency on December 26, 2013, the City Council declared the existence of a local emergency as a result of a significant fire event that occurred at the Porterville Hotel (14 N. Main Street) during the early morning hours of December 26, 2013, and found that the remaining damaged structure posed a serious threat to the health, safety and welfare of the public and as such required immediate safety mitigation of the structure. In accordance with the Resolution and per the Council's authorization, a Contractor (Bowen Engineering & Environmental) was secured to perform the emergency demolition of the burned structure sufficient to mitigate the immediate threat to public safety.

Due to the damaged structure's proximity to public right-of-way, the adjacent roadways and intersection of Main Street and Olive Avenue were closed to the public. With the demolition and mitigation of the threat to public safety, the intersection and roadways were opened to the public by approximately 6:00 PM on December 26, 2013. City staff continued its coordination with the San Joaquin Valley Air Pollution Control District and the Contractor on additional mitigation measures to protect the safety of the public, and minor additional demolition work subsequently occurred in an effort to open affected pedestrian walkways.

The property owner has continued his coordination with his insurance company toward the removal of the existing debris, and the company has agreed to reimburse the City for its mitigation costs. The property owner has been soliciting bids from qualified contractors, with the debris removal anticipated to begin within the next couple of weeks.

RECOMMENDATION: That the Council receive the status report and review of the designated local emergency.
